

Foster City Rod and Gun Club Minutes
August 2, 2006

Pledge led by Rocky.

Pres. Bill Shattuc awarded past president Bill Miller with a plaque that honored him for two years of dedicated service.

President Bill Shattuc opened the meeting with a thank you to our Bar B Q cooks, Tom Kenny, Thom Biro and John Bird. We also had invited guests from an open invitation to the FC Chamber of Commerce. Pam Frisella, a member of the FC Council attended as well as Fred Tautenhahn and his family. Jim Kahlert had his son Greg as a guest.

Bill reminded us that our annual Garage Sale will be this Saturday and that Darold will be available to pick up items on Friday. Darold asked for volunteers for set up on Friday evening and all day Saturday.

A reminder that the club shoot against Alameda Rod and Gun Club will be held on Sunday, August 20 and that there are sign up sheets located on each table.

Bill announced that there are old club pictures on the table that are extra and members are welcome to take them home.

All past club presidents are requested to stay for a group picture.

Fishing Report: Keith Jones had a successful trip at Shelter Cove with his son and every day had limited with salmon. He fishes with his small aluminum boat and uses a down rigger. He brought some smoked salmon along with his brining recipe.

Joe O'Brien talked about the great kokanee fishing being found in many lakes such as Stampede which he and Darold fished earlier. Darold also said he did well at New Melones Lake.

Larry Wagoner came up from Los Banos and said he appreciated coming back to a meeting. He just wasn't having the fun with his new club as he did here. He would like to continue shooting skeet on the third Wednesday of the month, 10AM at Waterloo Skeet Club near Stockton. Contact can be made through Larry at llwag@linkunet.com.

Conservation Report: Bill S. said that the major pollution in Lake Tahoe now is the droppings of wild geese. Not sure how that will be handled but I know of a few hunters who would have some suggestions.

Meeting Adjourned.....Pot-O-Gold
